Housing Contract

Terms and Conditions

The undersigned student wishes to reside in a Lawrence Technological University residence hall and agrees to pay the housing application and contract fee in the amount of \$200 (must be paid prior to contract period). Payment will be kept on file and does not need to be paid again as long as the student continues to reside in University Housing. Payment will be released back to the student's account after he or she permanently moves out of University Housing.

Typing your initials (first name initial, last name initial) in the spaces provided below certifies that you understand these terms and conditions:

____ If the student notifies the Office of University Housing in writing by May 1 of his or her desire to cancel the application and contract, the full amount of the security deposit will be refunded. If the student notifies the Office of University Housing after May 1, the student will be charged a \$200 housing forfeiture fee. If the student fails to occupy the assigned room after registering for classes at the University, he or she may be liable for the cost of that room for the summer session.

____ This contract covers housing for the entire summer session until the day prior to the first day of move-in for the fall semester. If the student wishes to terminate the contract, an application to terminate must be submitted to the Office of University Housing. If the request is approved, the student forfeits the entire housing application and contract fee. If the request is denied, the student remains responsible for the cost of the room for the summer session.

Receipt of the completed application and fee by the Office of University Housing does not guarantee a specific assignment to a residence hall. Final assignment will be determined by the Office of University Housing. The student must be officially admitted and enrolled for credit-bearing course work at Lawrence Tech and making satisfactory academic progress to live in the residence halls. The Office of University Housing reserves the right to reassign and consolidate residents at the University's discretion. Room space cannot be sublet nor can a contract be transferred, sold, or assigned to another person. The student may not conduct or solicit business in the residence hall, including from within the student's room, without the prior approval from the director of residence life.

The student agrees to abide by all University Housing policies as listed in the *Guidelines for University Living*, the *Student Code of Conduct*, or any other published Lawrence Tech document. Violations of

any of the policies, or any other conduct deemed to be such as to require removal of a student from a residence hall in the best interests of the other residents, shall be grounds for termination of the contract by the University.

The student is responsible for damages beyond normal wear and tear to the room and furnishings. University Housing staff will conduct a damage assessment of each room at the end of the housing contract and charge all roommates as deemed appropriate.

Lawrence Technological University is not responsible for the personal property of the student or the loss, damage, or destruction of that property. All personal property of the student and any property in the student's custody belonging to a third party is the sole responsibility of the student.

The University will release student contact information to roommates unless the student notifies the Office of University Housing in writing at the time of application not to do so.

Notice of Non-Discriminatory Policy

Lawrence Technological University adheres and conforms to all federal, state, and local civil rights regulations, statutes, and ordinances. No person, student, faculty, or staff member will knowingly be discriminated against relative to the above statutes. Lawrence Technological University is an equal opportunity employer.
