The screenshot shows the Lawrence Tech CORE website. At the top left is the Lawrence Tech logo. A navigation menu includes links for LTU Home, Contact Us, Calendar, News, Sitemap, Search, Academics & Majors, Request Info, and Apply Online. The main content area is titled 'LAWRENCE TECH CORE' and contains sections for 'What is the CORE?', 'Mission', 'Description', and 'Policy Change'. The 'Description' section explains that CORE is a web-based software product for campus-wide communication. The 'Policy Change' section notes that as of November 3rd, 2008, reservations must be made through the CORE system. On the right side, there is a 'Lawrence Tech. CORE' logo and an 'Announcements' section with links for 'What is CORE and how does it work?', 'See the CORE:', 'Logon to CORE:', and 'Create a Password...here'. The footer contains the university's address and contact information.

LAWRENCE TECH CORE

What is the CORE?

Mission

The Mission of the Lawrence Tech CORE is to improve campus wide communication through centralized scheduling.

Description

The CORE or Calendar of Reservation and Events is a new campus wide, web based, class and event scheduling software product that will unite all users (faculty, staff and students) on a single database. This software will transform communication here at the University, as well as give us a fresh, new way to view a live database of events at Lawrence Tech twenty-four hours a day, 7 days a week.

Policy Change

Previous Policy: Prior to November 3rd, 2008 reservation requests were submitted to calendar@ltu.edu.

New Policy: On November 3rd you are required to place your reservations through the CORE. [Log in and submit your room request online.](#)

The screenshot displays the CORE system interface for viewing events by date. The main content area shows a calendar for Saturday, Nov 22, 2008, with a time slot grid from 0:00 to 3:00. The grid is populated with shaded blocks representing scheduled events. The left sidebar lists various rooms, with some room names bolded. A legend at the bottom left indicates that the shaded blocks represent events. The right sidebar contains a search interface with a 'Space Quick Search' box and a 'Filters' section listing various room types and buildings.
