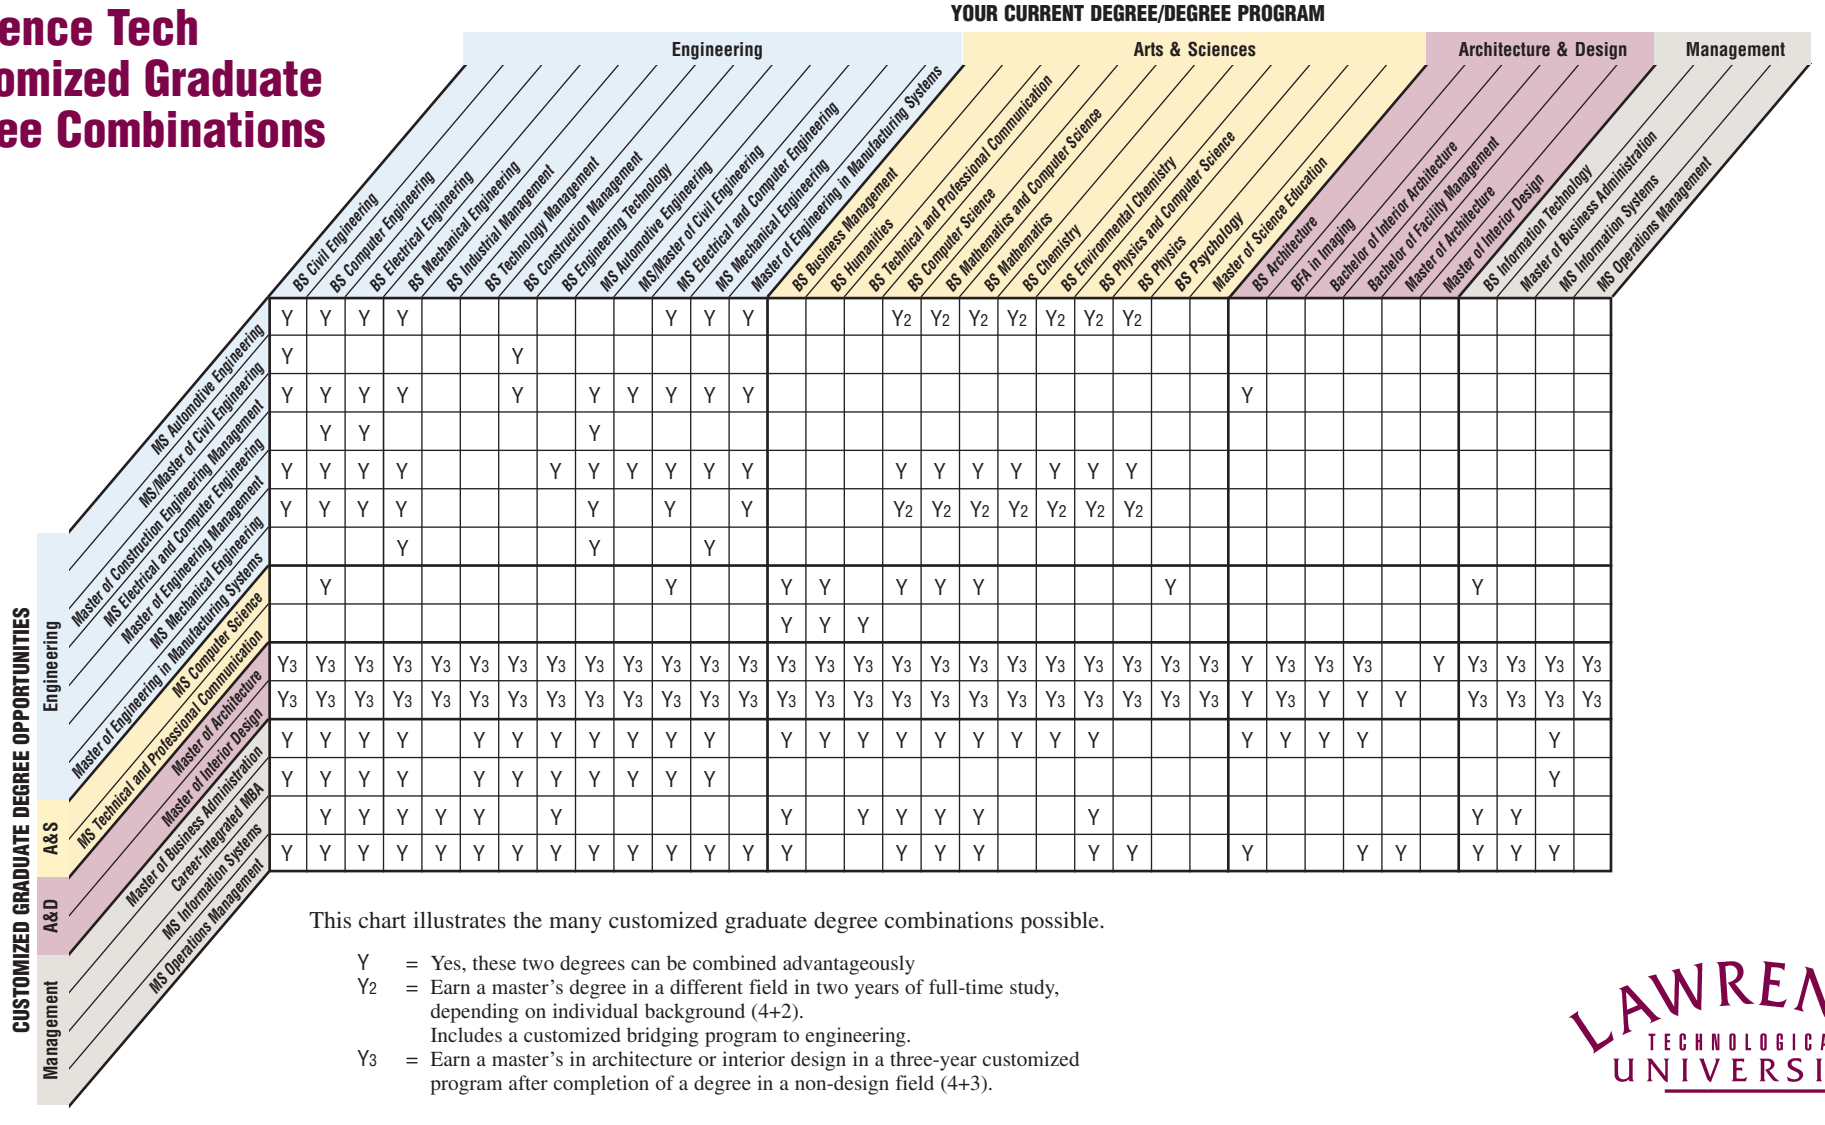
Lawrence Tech Customized Graduate Degree Combinations



This chart illustrates the many customized graduate degree combinations possible.

- Y = Yes, these two degrees can be combined advantageously
- Y_2 = Earn a master's degree in a different field in two years of full-time study, depending on individual background (4+2). Includes a customized bridging program to engineering.
- Y_3 = Earn a master's in architecture or interior design in a three-year customized program after completion of a degree in a non-design field (4+3).
