Once the course is selected, a class roster listing the students for the CRN selected will appear. If a student does not appear on this list and attended the class please contact the Registrar’s Office at (248) 204-2280 or Registrar@ltu.edu.

A **Not Gradable** grade listed for a student indicates the student withdrew from the course and a grade of “W” will be issued by the system (see Figure 4 below). A grade cannot be entered by the instructor for a **Not Gradable** grade.

Once grades are entered, click on the *Submit Grades* button. Changes and/or grade entry can be done until grades are rolled to academic history by the Registrar’s Office. Grades do not have to be entered for all students to submit grades and exit the system. Once grades have been rolled, a grade change form is required to make a change to a grade. There is a 20 minute time limit on this screen. It is recommended that the *Submit Grades* button is clicked often. It is important all grades are submitted by the grading due date. All instructors should be notified of the grading due date by the Registrar’s Office.
Any questions regarding the on-line grade entry should be directed to the Registrar’s Office at (248) 204-2280 or Registrar@ltu.edu.
