March 27, 2018

Greetings and warm wishes!

It is hard to believe we are in the middle of our spring semester, time flies very quickly in our academic year. I hope you are engaged in all facets of your life as you achieve your personal and professional goals. To help you plan for the coming 2018-2019 academic year, I want to inform you that the Lawrence Technological University Board of Trustees have agreed to a 3% increase in tuition for the fall 2018 semester.

We continue to be one of the lowest tuition private universities in the region and compared to our AITU counterparts across the country, we remain the lowest. We continue to work on cost effective strategies to ensure our tuition remains low for our students.

Recognizing the needs of our students and their families, LTU’s annual scholarship and financial aid support has been growing at a higher rate than recent tuition increases, and today stands in excess of $18 million. Our Office of Financial Aid stands ready under the leadership of Ms. Susie Poli-Smith to assist you with all your financial needs as well as developing a plan that will support your educational needs through graduation.

I want to inform you of a new partnership we signed to support the financial needs of our students. LTU is collaborating with Education Planning Resources (EPR). EPR is a non-profit company that provides an affordable college plan to identify funds to support your college education and create a plan to pay off your student loans sooner.

EPR will meet with students and parents to develop a plan at no cost. To make an appointment with the professionals at EPR, please contact Ms. Madison Studnicka at madison@epr123.com. Tuition covers a lot but not all of the costs associated with an LTU education.

The remaining costs of your education are funded through support from LTU’s alumni and friends, including gifts from individuals, corporations and foundations. The new buildings, infrastructure, and initiatives you see across campus have been supported through such gifts. LTU is committed to consistently and aggressively enhancing the value of the LTU education and the return on your investment of time and money.

Sincerely,

Lisa Renee’ Kujawa
Assistant Provost for Enrollment
