"This has been a fantastic workshop! I can't imagine any way to improve it!"

JULY 9 – 13, 2018, 8:30 A.M. – 3:30 P.M.
LUNCH INCLUDED. COST: $600

Forensic Science Summer Workshop for Educators at Lawrence Technological University

Interested in developing a forensic science course in your school? Want to learn how to set up a "crime scene"? Need more information about forensic techniques? CSI:Lawrence Tech, designed for educators, can help you develop your coursework, engage your students, and teach forensic science using an integrated science approach. You will work alongside police officers and experts trained in forensic science.

This hands-on workshop focuses on:
- Accident reconstruction
- Blood spatter analysis
- Glass analysis
- Fingerprints and impressions
- DNA fingerprinting
- Forensic entomology
- Crime scene processing
- Legal issues

CSI:Lawrence Tech is organized by Lawrence Technological University in collaboration with Kathy Mirakovits, a Michigan educator who launched this program in 2003 and has offered it ever since.

Participants who successfully complete CSI:Lawrence Tech can earn State Continuing Education Clock Hours (SCECHs, formerly SB-CEUs) or up to three graduate credit hours. If you decide to take this workshop for graduate credit, graduate tuition fees will apply (for more information, call 248.204.2227).

For further information or to register for the workshop, call 248.204.2227 or email scollins@ltu.edu.
